§ 583.120 Grants for supportive services costs.

(a) *General.* HUD will provide grants to pay (as described in § 583.130 of this part) for the actual costs of supportive services for homeless persons for up to five years. All or part of the supportive services may be provided directly by the recipient or by arrangement with public or private service providers.

(b) *Supportive services costs.* Costs associated with providing supportive services include salaries paid to providers of supportive services and any other costs directly associated with providing such services. For a transitional housing project, supportive services costs also include the costs of services provided to former residents of transitional housing to assist their adjustment to independent living. Such services may be provided for up to six months after they leave the transitional housing facility.

(b) *Operating costs.* Operating costs are those associated with the day-to-day operation of the supportive housing. They also include the actual expenses that a recipient incurs for conducting on-going assessments of the supportive services needed by residents and the availability of such services; relocation assistance under § 583.310, including payments and services; and insurance.

(c) *Recipient match requirement for operating costs.* Assistance for operating costs will be available for up to 75 percent of the total cost in each year of the grant term. § 583.140 Technical assistance.

(a) *General.* HUD may set aside funds annually to provide technical assistance, either directly by HUD staff or indirectly through third-party providers, for any supportive housing project. This technical assistance is for the purpose of promoting the development of supportive housing and supportive services as part of a continuum of care approach, including innovative approaches to assist homeless persons in the transition from homelessness, and promoting the provision of supportive housing to homeless persons to enable them to live as independently as possible.

(b) *Uses of technical assistance.* HUD may use these funds to provide technical assistance to prospective applicants, applicants, recipients, or other

providers of supportive housing or services for homeless persons, for supportive housing projects. The assistance may include, but is not limited to, written information such as papers, monographs, manuals, guides, and brochures; person-to-person exchanges; and training and related costs.

(c) *Selection of providers.* From time to time, as HUD determines the need, HUD may advertise and competitively select providers to deliver technical assistance. HUD may enter into contracts, grants, or cooperative agreements, when necessary, to implement the technical assistance.

§ 583.145 Matching requirements.

(a) *General.* The recipient must match the funds provided by HUD for grants for acquisition, rehabilitation, and new construction with an equal amount of funds from other sources.

(b) *Cash resources.* The matching funds must be cash resources provided to the project by one or more of the following: the recipient, the Federal government, State and local governments, and private resources.

(c) *Maintenance of effort.* State or local government funds used in the matching contribution are subject to the maintenance of effort requirements described at § 583.150(a).

§ 583.150 Limitations on use of assistance.

(a) *Maintenance of effort.* No assistance provided under this part (or any State or local government funds used to supplement this assistance) may be used to replace State or local funds previously used, or designated for use, to assist homeless persons.

(b) *Faith-based activities.* (1) Organizations that are religious or faith-based are eligible, on the same basis as any other organization, to participate in the Supportive Housing Program. Neither the Federal government nor a State or local government receiving funds under Supportive Housing programs shall discriminate against an organization on the basis of the organization's religious character or affiliation.

(2) Organizations that are directly funded under the Supportive Housing Program may not engage in inherently

religious activities, such as worship, religious instruction, or proselytization as part of the programs or services funded under this part. If an organization conducts such activities, the activities must be offered separately, in time or location, from the programs or services funded under this part, and participation must be voluntary for the beneficiaries of the HUD-funded programs or services.

(3) A religious organization that participates in the Supportive Housing Program will retain its independence from Federal, State, and local governments, and may continue to carry out its mission, including the definition, practice, and expression of its religious beliefs, provided that it does not use direct Supportive Housing Program funds to support any inherently religious activities, such as worship, religious instruction, or proselytization. Among other things, faith-based organizations may use space in their facilities to provide Supportive Housing Program-funded services, without removing religious art, icons, scriptures, or other religious symbols. In addition, a Supportive Housing Program-funded religious organization retains its authority over its internal governance, and it may retain religious terms in its organization's name, select its board members on a religious basis, and include religious references in its organization's mission statements and other governing documents.

(4) An organization that participates in the Supportive Housing Program shall not, in providing program assistance, discriminate against a program beneficiary or prospective program beneficiary on the basis of religion or religious belief.

(5) Program funds may not be used for the acquisition, construction, or rehabilitation of structures to the extent that those structures are used for inherently religious activities. Program funds may be used for the acquisition, construction, or rehabilitation of structures only to the extent that those structures are used for conducting eligible activities under this part. Where a structure is used for both eligible and inherently religious activities, program funds may not exceed the
